* EPA and DHA contribute to the normal function of the heart (the beneficial effect is obtained with a daily intake of 250 mg of EPA and DHA).

** DHA contributes to the maintenance of normal brain function and normal vision (the beneficial effect is obtained with a daily intake of 250 mg of DHA).

*** DHA and EPA contribute to the maintenance of normal blood triglyceride levels (the beneficial effect is obtained with a daily intake of 2 g of EPA and DHA).

**** DHA and EPA contribute to the maintenance of normal blood pressure (the beneficial effect is obtained with a daily intake of 3 g of EPA and DHA).

Herbalifeline® Max is an exclusive blend of sustainably sourced Omega-3 fish oils containing two essential fatty acids EPA (eicosapentaenoic acid) & DHA (docosahexaenoic acid).

- EPA and DHA contribute to the normal function of the heart as well as to the maintenance of normal blood pressure and normal blood triglyceride levels,
- DHA contributes to the maintenance of normal brain function and normal vision.

In addition to this, Herbalifeline® Max's exclusive combination includes essential oils from thyme and peppermint and is encapsulated in a unique gel capsule (which is suitable for vegetarians) to eliminate any aftertaste.

RECOMMENDED USE: Take 1, 4 or 5 capsules per day (depending on beneficial effect you want to achieve) in conjunction with water preferably with meals spaced over the day. Use this product within a balanced and varied diet as part of a healthy, active lifestyle.

Store in a cool, dry place.

30-day money-back guarantee. This guarantee does not affect your statutory rights. This exclusively formulated product is only available through Herbalife Nutrition Independent Distributors.

NOTICE: Do not exceed the recommended daily dose. Food supplements are intended to supplement the diet and should not be used as a substitute for a varied diet. Store out of reach of young children. Do not exceed a daily intake of 5 g of EPA and DHA combined. Each Herbalifeline® Max capsule delivers 375 mg EPA and 250 mg DHA.
